About 5 years ago I met a pretty lil chick
We got together, baby, and the clock began to tick
The spring was over wound and was broken into two
We found out that it just wouldn't do.

It's over
She turned me away at the door
Yes it's over, it's over
The lil girl don't want me no more

The way it came about it was a lonely night,
She'd been drinking, wasn't treating me right
I went outside and I took her for a walk
Things fell through when we started to talk.

And it's over
She turned me away at the door
Yes it's over, it's over
The lil girl don't want me no more

No more the feeling of her in my arms
No more the sweetness of her tender charms
No more of the kisses I was aching for
All I've got are memories of how we were.

It's over
She turned me away at the door
Yes it's over, it's over
The lil girl don't want me no more

Yes it's over, it's over
The lil girl don't want me no more.
