The look in your eyes makes my love grow stronger
each day
My heart's double beatin' when I see you headed my
way
That's the reason why I feel so good
Because I know you're here to stay
Since you said you'd be my girl
You're the one that makes me feel on top of the world
You're the one that makes me feel on top of the world
I'm confessin' I adore you, honey, I do
There's no sorrow when I see my future with you
That's the reason I can't let you go
Because I love everything that you do
Since you said you'd be my girl
You're the one that makes me feel on top of the world
You're the one that makes me feel on top of the world
That's the reason I can't let you go
Because I love everything that you do
Since you said you'd be my girl
You're the one that makes me feel on top of the world
You're the one that makes me feel on top of the world
You're the one that makes me feel on top of the world
You're the one that makes me feel on top of the world
You're the one that makes me feel on top of the world
