Chorus 1

Crown Him, Crown Him, the angry people did cry  
Crown Him, Crown Him, let Him be crucified  
Crown Him, Crown Him, let Him not remain alive  
Crown Him, Crown Him, He must be crucified  
So a circle of pain and love  
Came down upon His head  
It was not for anything He'd done  
Or for anything He'd said  
For all His life He'd sought to show  
They were only living a lie  
But they didn't care to hear, Oh no  
They just wanted Him to die

Chorus 1

Soon a circle of glory  
Will be placed upon His brow  
And He'll come to reign forever  
Though it may not seem so now  
Then our time of tears and trouble  
Will seem only like a dream  
As we stand before the glory  
Of our Savior and our King

Chorus 2

Crown Him, Crown Him  
Holy angels sing all Glory honor, power and grace  
Crown Him King of Kings  
Crown Him, Crown Him, those redeemed and damned  
Will bow with me and humbly, sing worthy is the lamb  
Repeat Chorus 2
