Your touch is electric  
I felt it the first time you held me  
The way we connected  
So easily

I've tried to define it  
Searched for the perfect phrase  
I've tried to describe it  
In a million different ways

(chorus)  
It's joy, it's ecstasy, it's truth, it's destiny  
And even love is not enough to tell you how you make  
me feel  
There's only one word for this

I've got to admit it  
You took my heart by surprise  
Don't know how you did it  
But baby, I've never felt so alive

(chorus)  
It's joy, it's ecstasy, it's truth, it's destiny  
And even love is not enough to tell you how you make  
me feel  
There's only one word for this  
It's bliss

Hey, you know, baby, know what the future holds  
As long as you're here with me

(chorus)  
It's joy, it's ecstasy, it's truth, it's destiny  
And even love is not enough to tell you how you make  
me feel

It's faith, it's honesty, it's life, it's everything  
To say "I love you"'s not enough to tell you how you  
make me feel

It's in your smile, in your kiss  
It's the reason that I exist

There's only one word for this  
It's bliss

It's bliss

It's bliss
