Young and full off running  
Tell me where is that taking me  
Just a great figure eight  
Or a tiny infinity

Love is really nothing  
But a dream that keeps waking me  
For all of my trying  
We still end up dying  
How can it be?

Don't say a word  
Just come over and lie here with me  
Cause I'm just about to set fire to everything I see

I want you so bad I'll go back on the things I believe  
There I just said it  
I'm scared you'll forget about me

So young and full off running  
All the way to the edge of desire  
Steady my breathing  
Silently screaming  
I have to have you now

Wired and I'm tired  
Think I'll sleep in my clothes on the floor  
Baby this mattress will spin on it's axis  
And find me on yours

Don't say a word  
Just come over and lie here with me  
Cause I'm just about to set fire to everything I see

I want you so bad I'll go back on the things I believe  
There I just said it  
I'm scared you'll forget about me

BRIDGE

Don't say a word  
Just come over and lie here with me

Cause I'm just about to set fire to everything I see

I want you so bad I'll go back on the things I believe

There I just said it

I'm scared you'll forget about me
