Freshman year mama asked waht do you wanna
do when you get out of here.
i said well gee, i'm only 13, but i think i'd like to play my
guitar
be a star
gee well thats not it you got some time to go
good sense will kick in any time you know.
i'm not worried, i'm not worried

Sophmore year she asked the same old thing,
my answer had remained unchanged
i saw her fidgit with her thumbs,
she said you like computers John, you like computers
don't you
you see i always see with a computer you like
computers
maybe you could do something with computers yea
wouldn't that be nice

Junior year, its a little more tense she says,
what do you want to do with your life?
i'm not on the fence i know exactly what i am to be

and i'm only 17.

she well all i ask is that you pay attention in class,
so if you happen to change your mind in time you can
still go
so where reputable, do us proud.
so i went down stairs and played the guitar loud.

yea and senior its the same old question
she said what you wanna do?
i said play my guitar and sing, she said theres no such
thing,
she said thers no such thing
