And I don't know where you went, when you left me but
Says here in the water
You must be gone by now
I can tell somehow

One hand on the trigger of a telephone
Wonderin' when the call comes
Where you say it's alright
You got your heart right

Maybe I'll sleep inside my coat and
Wait on your porch 'til you come back home
Oh, right
I can't find a flight

We share the sadness
Split screen sadness

Two wrongs make it all alright tonight
Two wrongs make it all alright tonight
Two wrongs make it all alright tonight
Two wrongs make it all alright tonight

All you need is love is a lie 'cause
We had a love but we still said goodbye
Now we're tired, battered fighters

And it stings when it nobody's fault 'cause there's
Nothing to blame at the drop of your name
It's only the air you took
And the breath you left

So maybe I'll sleep inside my coat and
Wait on your porch 'til you come back home
Oh, right
I can't find a flight

So I'll check the weather wherever you are
'Cause I wanna know
If you can see the stars tonight
It might be my only right

We share the sadness
(Two wrongs make it all alright tonight)
Split screen sadness
(Two wrongs make it all alright tonight)
We share the sadness
(Two wrongs make it all alright tonight)
Split screen sadness
(Two wrongs make it all alright tonight)

I called
Because
I just
Need to feel you on the line
Don't hang up this time

And I know it was me who called it over but
I still wish you'd fought me
'Til your dying day
Don't let me get away

'Cause I can't wait to figure out what's wrong with me
So I can say this is the way that I used to be
There's no substitute for time
Or for the sadness

(Two wrongs make it all alright tonight)
Split screen sadness
(Two wrongs make it all alright tonight)
We share the sadness
(Two wrongs make it all alright tonight)
Split screen sadness
(Two wrongs make it all alright tonight)

Oh and the sadness
(Two wrongs make it all alright tonight)
It's alright, it's alright
Oh and the sadness
(Two wrongs make it all alright tonight)
It's alright, it's alright
Oh and the sadness
(Two wrongs make it all alright tonight)
It's alright, it's alright
