## "St. Patrick's Day"

Here comes the cold  
Break out the winter clothes  
And find a love to call your own

You, enter you  
Your cheeks a shade a pink  
And the rest of you in powder blue

Who knows  
What will be  
But I'll make you this guarantee  
See

No way no November will see our goodbye  
When it comes to December it's obvious why  
No one wants to be alone at Christmastime  
Do they baby?

In the dark on the phone  
You tell me the names of your brothers  
And your favorite colors  
I'm learning you

And when it snows again  
We'll take a walk outside  
And search the sky like children do  
I'll turn and say to you

No way November will see our goodbye  
When it comes to December it's obvious why  
No one wants to be alone at Christmastime  
Come January we're frozen inside  
Making new resolutions a hundred times  
February won't you be my valentine  
And we'll both be safe until St. Patrick's Day

We should take a ride tonight around the town  
And look around at all the beautiful houses  
There's something in the way the blue lights  
On the black night can make you feel warm  
Everybody it seems to me that  
Just like to be

Just like you and me

No one wants to be alone at Christmastime  
Come January we're frozen inside  
Making new resolutions a hundred times  
February won't you be my valentine  
And we'll both be safe until St. Patrick's Day

If our always is all that we gave  
And we someday take that away  
I'll be alright if it was just 'til St. Patrick's day
