Close your eyes and close yourself  
Danger hiding in all the world  
Soothe your tears, your innocence  
While you do everything wrong

Don't be scared to walk alone  
Don't be scared to like it  
There's no time that you must be home  
So sleep where your darkness falls

Alive in the age of worry  
Smile in the age of worry  
Go wild in the age of worry  
And sing Worry, why should I care?

No you fight is not within

Yours is with your timing  
Dream your dreams but don't pretend  
Be friends with what you are  
Give your heart then change your mind  
You're allowed to (throw) it  
Cause God knows it's been done to you  
And somehow you got through it

Alive in the age of worry  
Rage in the age of worry  
Sing out in the age of worry  
And sing Worry, why should I care?

Rage in the age of worry  
Act your age in the age of worry  
And sing Worry, get out of here!
