Its been so long  
Since I have seen you  
And I miss your smile, and I miss your face  
Because you have not been around this place

Its been so long  
Since I have seen you  
And I miss the smell of your skin and hair  
The way you genuinely care for me

And I dont want these feelings to change  
I want our love to always remain because  
Without you I wouldnt be the same

Without you

And I cant explain, how I feel inside  
Every time I try to tell you,  
My word always fall short  
Showing you what you mean to me

And I cant explain  
How I feel inside  
The way you mesmerized me,  
And how you hypnotized me  
With your eyes, with your eyes

And I dont want these feelings to change  
I want our love to always remain, because  
Without you I wouldnt be the same

So dont ever run away  
Here beside me is where you will stat  
Because without you I could not remain  
Without you
