Gravity is working against me
And gravity wants to bring me down
Oh, I've never known what makes this man
With all the love that his heart can stand
Dream of ways to throw it all away

Gravity is working against me
And gravity wants to break me down
Oh, twice as much ain't twice as good
And can't sustain like a one half could
It's wanting more it's gonna set me to my knees

Oh, twice as much ain't twice as good
And can't sustain like a one half could
It's wanting more, gonna set me to my knees

Gravity, stay the hell away from me
And gravity has taken better man than me
Now how can that be

Just keep me where the light is
Just keep me where the light is
Keep me where where the light is
Just keep us where the light is

Oh, just keep us, keep us
Keep us, keep us
Oh, where the light is
Oh, where the light is

Oh, where the light is
Oh, where the light is
Oh, where the light is
Oh, where the light is

Oh, where the light is
Oh, where the light is
Oh, where the light is
