Well I see you've got a new boyfriend  
Got your mixed up husband too  
I got 25 dollars in my pocket  
Want me to spend it all on you

But I know that you cheat on all of us  
That's just the way that you do  
Hey girl, I don't care where you've been  
I know, I've been there too

Woo, woo baby, do you think that's fair?  
Do we really have to be so lonely and so scared?  
Woo, woo baby, do you think that's fair?  
Well I know this is up to me and you  
We make this thing turn out like we want to

Well, last time I thought about you  
Didn't really think that much  
And the last time we spoke you said  
You were afraid of my touch

And then you went your way  
I stumbled down a highway, I went mine  
You know, I think that is funny  
The way infatuation gets beat up by the time

Woo, woo baby, do you think that's fair?  
Do we really have to be so lonely and so scared?

Well, I see your life has evolved  
Into one big masquerade  
And all those old fools you used to run to  
They shot you full of old age

Well, don't go expecting too much no, no  
From your new love affair  
Probably fall flat on its face  
No one to pick you up, no one who cares

Woo, woo baby, do you think that's fair?  
Do we really have to be so lonely and so scared?  
Woo, woo baby, do you think that's fair?

Well I know this is up to me and you  
We make this thing turn out like we want to
