"Don't Forget About Me"

Visit "[Don't Forget About Me](#)" on MotoLyrics.com

Don't forget about me
When you're holding someone else's hand
Remember we had dreams and plans
Don't forget about me

Don't forget about me
Please don't make me a used-to-be
Someone lost in your history
Don't forget about me

I know the thrill of love is waning
You can't see the pictures I'm painting
Of me and you together
From life to death to heaven

Don't forget about me
When you break your promises and lose our name
I'm still gonna love you just the same
Don't forget about me

I know the thrill of love is waning
You can't see the pictures I'm painting
Of me and you together
From life to death to heaven

Don't forget about me
When you're holding someone else's hand
Remember we had dreams and plans
Don't forget about me
