Sweet love
Standing at my gate
Oh, my sweet love
It sure
Would feel good
To feel good again
Oh my sweet love

You say
That you need me
You'll always
Believe me
Oh, my sweet love
That our love
Is forever
We'll always
Be together
Oh, my sweet love

You say
You'll always
Come through
There's nothing
That you won't do
Oh, my sweet love
But I've heard it
All before
I can't beg you
Anymore
Oh, my sweet love

You're the woman
Who knows exactly
What she's doing
You're the girl
Who ate
The apple
Off the tree
When you're good
You're just crazy
When you're bad
You're too much

You say
You'd never hurt me
You'll never
Desert me
Oh my sweet love
That your words
Are always true
I can depend on you
Oh, my sweet love

When you get
In the wind
And all the storms
Begin
Oh my sweet love
When you're sad
And dismantled
And all
Your senses rattled
Oh my sweet love

You're the woman
Who knows exactly
What she's doing
You're the girl
Who ate
The apple
Off the tree
When you're good
You're just crazy
When you're bad
You're too much

Sweet love
Standing at my gate
Oh, my sweet love
It sure
Would feel good
To feel good again
Oh, my sweet love
