Oh, sad lady, do you curse your name?  
And how many times have you been ashamed?  
Crazy lady, letting your emotions show  
It's hard being a woman, knowing what you know

Oh, sad lady, were you born in vain?  
Nothing to live for and no one to blame  
Ain't no use in your screamin', pullin' on your hair  
Crazy lady, dancing with a chair

Oh, oh, oh  
If you should get to know  
Sad lady, say, maybe  
Sad lady, say, maybe

Ooh, sad lady, won't you dry your eyes?  
You go on livin', wishin' you could die  
'Cause dying's not bad when living's not so good  
Crazy lady, oh, you're so misunderstood

Oh, oh, oh  
If you should get to know  
Sad lady, say, maybe  
Sad lady, say, maybe

Hey, tell me, what you're thinkin'  
As you lace up white shoes  
Oh, tell me, sad lady
