There's a void in my heart  
I can't seem to fill  
Been a parent, had three children  
And a big house on the hill

Hundred dollar in my pocket  
And it didn't buy a thing  
Now there's a void in my heart  
And a hole in my dreams

Well I poured miles of concrete  
And strung wire for telephones  
Dug ditches when I was a young boy  
When I first left my parents home

Sang my songs for millions of people  
Sang good and bad news  
Now there's a void in my heart  
And a fire at my fuse

Well I did everything just like they said  
So I could find happiness  
Went to school and got a college degree  
And at my job I did my best

As I sit here alone tonight  
I see a billion just like me  
With a void in their hearts  
And running from eternity

There's a void in my heart I can't seem to fill  
I do charity work when I believe in the cause  
But in my soul it bothers me still

Hey, Lord, You made me like I am  
Can You heal this restlessness?  
Will there be a void in my heart  
When they carry me out to rest?
