Another night on this interstate
Seems like I've been on it everyday
For years now, does it ever end

On my way to another show
Where I'll end up, I don't even know
Where I'm going or where I've been

Don't know why, don't know how
But I keep comin' back for more
It's my life, there's no doubt
I guess I'll never know for sure

But when I stand on that stage
And the curtain falls, I love it all

It's getting late, I think I'll lay it down
Then I'll wake up in some other town
And I'll wander to my hotel room

I'll walk around just a-wastin' time
Lookin' for a little peace of mind
I bet I'll find it on an ole barstool

Don't know why, don't know how
But I keep comin' back for more
It's my life, there's no doubt
Guess I'll never know for sure

But when I stand on that stage
And the curtain falls, I love it all

Don't know why, don't know how
But I keep comin' back for more
It's my life, there's no doubt
Guess I'll never know for sure

But when I stand on that stage
And the curtain falls
And the crowd wants to stay
For one more song, I love it all

Another night on this interstate
Seems like I've been on it everyday
For years now, I hope it never ends
