(Steve Seskin/Mark D. Sanders)

If you've got faith  
And you believe in what you're livin' for  
You can stand your ground when the devil's at your  
door  
And a little hope can help you when the road is gettin'  
rough  
But there's nothin' quite like life if you've got love

If you've got love you can move a mountain  
A little bit further down the line  
You can do it all at once or one rock at a time  
You can turn an ordinary picture into a priceless work  
of art  
It's what you can do if you've got love in your heart

Now there's nothin' like a real good friend  
To tell your troubles to  
But there's just so much a real good friend can do  
'Cause it takes another's touch to chase the darkest  
blues away  
If you've got love you've got what it takes

If you've got love you can move a mountain  
A little bit further down the line  
You can do it all at once or one rock at a time  
You can turn an ordinary picture into a priceless work  
of art  
It's what you can do if you've got love in your heart

(If you've got love) You can move a mountain  
(If you've got love) Further down the line  
You can do it all at once or one rock at a time  
You can turn an ordinary picture into a priceless work  
of art  
It's what you can do if you've got love in your heart  
It's what you can do if you've got love in your heart

(If you've got love) You can move a mountain  
Further down the line  
(If you've got love) You can do it all at once or one rock

at a time  
(If you've got love) You can turn a picture into a  
priceless work of art  
(If you've got love) It's what you can do if you've got  
lots of love in your heart  
(If you've got love)
