Close your eyes, can you see me...  
Rollin' down the Rocky Mountains  
Movin' like the wind that sweeps the Kansas plains  
I know you're with me  
As I make my way through Oklahoma  
Pass the barns and weather vanes  
There are motels, cafes, fields and billboard signs  
A thousand miles of highway  
Between your heart and mine...  
There will finally come a moment  
When one man and one woman  
Get everything that they've been waiting for...  
I'll take you in my arms again  
Feel your skin against my skin  
Let the sheet fall slowly to the floor  
Til nothing comes between us anymore...  
In my soul I can feel you...  
As I cross the Mississippi  
You're the river flowin' in me  
Comin' home I count each heartbeat...  
Til the moment we're together  
And the distance can't be measured  
That's all that keeps me goin'  
When I'm gone...  
There will finally come a moment  
When one man and one woman  
Get everything that they've been waiting for...  
I'll take you in my arms again  
Feel your skin against my skin  
Let the sheet fall slowly to the floor  
Til nothing comes between us anymore...  
Anymore...  
There will finally come a moment  
When one man and one woman  
Get everything that they've been waiting for...  
I'll take you in my arms again  
Feel your skin against my skin  
Let the sheet fall slowly to the floor  
Til nothing comes between us anymore...  
There will finally come a moment  
When one man and one woman  
Get everything, everything, everything (Fade out)
