You're not just someone that I  
Think about from time to time  
Girl you're on my mind a lot, nonstop

You're not just a picture on my wall  
Not just someone that I call  
Right before I fall asleep, baby

You are the song that's playin' in my head  
The best book I ever read  
And all the passion that exists in every kiss

You are the little whisper in my ear  
That says the things I love to hear  
It's obvious who's in my heart  
You are

You're more than just someone I see  
When I need some company  
I want you with me a lot, nonstop

You're more than words could ever say  
More than a poet could convey  
But I'll try anyway just so you'll know

You are the song that's playin' in my head  
The best book I ever read  
And all the passion that exists in every kiss

You are the little whisper in my ear  
That says the things I love to hear  
It's obvious who's in my heart  
You are

You are the song that's playin' in my head  
The best book I ever read  
And all the passion that exists in every kiss

You are the little whisper in my ear  
That says the things I love to hear  
It's obvious who's in my heart  
You are

Oh girl, you are
