Lately all I think about
Is coming home.
I guess I've been too long, girl,
On this lonely road.
Darlin', when I think about you,
I feel half whole.
That's the price of two bodies
Who are sharing one soul.

No more absent hearts,
No more lying here dreaming
'Cos I know that it won't be long
Until I make you feel
Just like I've never been gone.
I can't wait to feel your warm body
Wrapped up in these arms.
You know that I ... I've never needed you, baby,
Like I'm needing you now.
Soon we'll have all of the loving
That our heaven allows.

We've been too long now
Apart and alone.
We've poured too much of our love
Down this long distance phone.
And it's gentle on the ear,
So hard on the heart.
That's the cost of two lovers
Who've been too long apart.
No more absent hearts,
No more lying here dreaming
'Cos I know that it won't be long
Until I make you feel
Just like I've never been gone.
I can't wait to feel your warm body
Wrapped up in these arms.
You know that I ... I've never needed you, baby,
Like I'm needing you now.
Soon we'll have all of the loving
That our heaven allows.

No more holding back the feelings,

No more being alone
'Cos I'm flying out tomorrow.
I'm just calling to tell you: "Hold on, 'cos
It won't be long".
I can't wait to feel your warm body
Wrapped up in these arms.
You know that I ... I've never needed you, baby,
Just like I'm needing you now.
Soon we'll have all of the loving
That

It won't be long.
Can't wait to feel your warm body
Wrapped up in these arms.
You know that I ... I've never needed you, baby,
Just like I'm needing you now.
Soon we'll have all of the loving
That our heaven allows
