Breakin' my heart everytime I'm apart from my woman
of stone,
You're my woman
But you're cool like ice in my brain.
I don't wanna stay but I can't get away you won't leave
me alone,
I keep runnin'
But I soon come back here again.

Ooh you make me suffer,
Ooh but there's no other,
And I know it wouldn't ease my mind ,
I could never leave you far behind,
But things are getting better
Yes things are getting better.

C'est la vie,
C'est la vie,
All you can say to me is
C'est la vie.
But girl you know you make me wonder,
Everytime you push me under,
All you can say to me is
C'est la vie.

Somebody said that I'm losin' my head but it's already
gone,
What a woman,
And I just don't know you at all.
Who do I blame it's a sin not a shame you keep turning
me on ,
You got something
And I'm always there when you call.

Ooh you make me suffer,
Ooh but there's no other.
So no matter what the people say,
I would never change you anyway,
And things are getting better,

Yes things are getting better.

C'est la vie,
C'est la vie,
All you can say to me is
C'est la vie.
But girl you know you make me wonder,
Everytime you push me under,
All you can say to me is
C'est la vie.

C'est la vie,
C'est la vie,
All you can say to me is
C'est la vie.
But girl you know you make me wonder,
Everytime you push me under,
All you can say to me is
C'est la vie.

C'est la vie,
C'est la vie,
All you can say to me is
C'est la vie.
But girl you know you make me wonder,
Everytime you push me under,
All you can say to me is
C'est la vie
