Diamond eyes that burn me and turn me to stone  
Crystallise and freeze me in clear monochrome.

Turn me to stone,  
Do anything you want with me.  
Turn me to stone,  
Do anything you want.

Stereotomy, we can make it together.  
Do anything you want with me,  
Do anything you want.

Scarlet minds possess me, and I feel no shame.  
Silent knives dissect me, and I feel no pain.

Stereotomy, we can make it together,  
Do anything you want with me,  
Do anything you want.  
Stereotomy, we can make it for ever,  
Do anything you want with me,  
Do anything you want.  
Starlight beams project me in red, blue and green.  
Velvet dreams protect me when I hit the screen.

Stereotomy, we can make it together,  
Do anything you want with me,  
Do anything you want.  
Oh, Stereotomy, we can make it for ever,  
It's always the same,  
It's always the same.

Stereotomy, we can make it together,  
Do anything you want with me,  
Do anything you want.  
Oh, Stereotomy, we can make it for ever .....
