I could never hurt you, or leave your love behind,
If you want to leave, you know what **** behind
Well, if I have a problem, I'll need a helping hand,
It's you that I will turn to, and know you'll understand.
You'll always be my woman, I'll always be your man.

Tell me, where would I be without you?
Won't you tell me, where would I be without you?
Where would I be without you?
Well I don't know.

I won't waste a moment and play some foolish game.
If I lost your love, I know that its to blame

You don't answer questions, I tell them silly lies,
So every thing you do girl, just makes me realise
That I will keep on trying to hand you back *****
Tell me, where would I be without you?
Won't you tell me, where would I be without you?
Tell me baby, where would I be without you?
Well I don't know.

Won't you tell me, where would I be without you?
I want to know, where would I be without you?
Where would I be without you?
I don't know.

Where would I be without you?
Won't you tell me baby, where would I be without you?
Where would I be, where would I be without you?
I said I don't know.

Where would I be without you?
Where would I, where would I, where would I be without
you?
I don't know, don't know, where would I be without you?
For ever
