Care Bear Countdown, 4, 3, 2, 1
Who's that comin' from somewhere up in the sky?
Moving fast and bright as a firefly
Just when you think the trouble's gonna pounce
Who's gonna be there when it really counts?
Do the Care Bear Countdown
And send a wish out through the air
Just do the Care Bear Countdown
When you need them they'll be there
Don't be afraid when trouble's brewin' in your heart
If you can dream just send a wish out in the dark
And do the Care Bear's Countdown
5, 4, 3, 2, 1
