HOOK

Hello, it's me and i must tell you the truth  
Please don't refuse the fact that I know and you know -  
You ain't fly  
For those of you who don't know who?  
I'm talking about, it isn't you  
I'm talking to those who misconstrue money and  
realness for talent - You ain't fly  
Puffy, the only CEO that rhymes, please sign me to a  
deal of mine  
So I can prove in my mind, to myself - you ain't fly  
Let me do a joint with mase so I can get on his case  
and  
Fix his lisp and show him to his face - You Ain't Fly  
Then arrange a dinner with me and Total,  
I'll pick them up in a limo and when they show  
All made up with makeup and leather I'll whisper - You  
ain't fly  
Master P and your No Talent Family meet with me  
Cause ya'll make me say UGHHHHH - You ain't Fly  
Mystikal aka the only male rapper with weave  
Ms Melodie, oh my bad Mla - You ain't fly  
Silk, what the fuck do you listen to when you rhyme  
Kane and Abel they gotta be the worst group of all time  
I heard them one time and said goddamn - They ain't  
fly

HOOK

Jermaine Dupri, solo album with no solo songs,  
can't even carry one joint on your own  
Met him at Kaya came up to him and said - You ain't fly  
After that I stopped in VA, Va Beach to be exact  
Timbaland was on the phone recording his rap  
So I bypassed missy, looked at Magoo and said - You  
ain't fly at all  
Mya you say you wear a size 4, I don't care, you need  
to go fix your voice  
You think you a diva and you might be cute but - You  
ain't fly

But enough hating on these fools, I'll talk about you  
You know you don't feel them, but then you don't tell  
the truth  
When I asked you say - they're doing they're thing -  
You ain't fly  
Labels continue to give wack artists deal  
putting out shit they think you should feel  
and radio continues to play it because steve smith says  
it's real - He ain't fly  
Mends Recordings is my record label,  
had enough confidence to make this project able  
But don't have enough money to make it available -  
They ain't fly  
If you hate this because i'm touching you or your crew,  
you need to make a record about me, cause this one's  
about you  
Run and Go tell your friends that Esau told you - You  
ain't fly  
I might talk shit about all things i consider inferior  
But, I like to think I see things clearer  
Cause I can't even look at myself in the mirror and say -  
You ain't fly
