The clever has walked the earth
The poor's seen what it's worth
And I share your pain, yeah I share the pain
Some mysteries are unsolved
Yet sincere and evolved
Yeah I take the blame
Though we're all to blame

Those were the times we we're meant to be broken

CHORUS

Now I see
So clearly
I was blind all along
Now I see
(now I know what I'm looking for)
Now I know
What I need
I'm awake in this world
Now I know
(now I know what I'm looking for)

Scattered mind sometimes
I may be your non typical guy
Playin' his guitar
Who can'T change a thing about the world
Nothin's what it seems
The world's got lots of allegations, politicians
The governments can't change a thing

Those were the times we we're meant to be broken

Where are the lives we stole
When do we take control
I don't know what's going
Where are the souls we break
Why do we steal and take
I don't know
I don't know
But one thing remains, between fire and chains
Yeah one man remains

I can save the day
Save the day

Save the day

I can save you
