Heard a promise in the wind
Then I saw you walkin in
Tell me baby where ya been so long
Waited all my life to feel this strong

I love you like I never loved before
And evry day I love you so much more
Feeling like I never felt so sure
Love you like I never loved before

Lonely days and lonely night s
Finlly gone and out of sight
I'll do evrything within my power
To make your life get sweeter hour by hour

I'll do evrything within my power
To make your life get sweeter hour by hour
I love you like I never loved before
No I never
I love you like I never loved before
No I never, never, never
