Drawn into the backdrop here
You could fade, you could fade away
Bright lights on a starless night
Burn a hole in the dying day

Looking at life through a loaded gun
Take your best shot, aim it at the sun
Looking at life through a loaded gun
You'll know you'll find...

You'll find yourself, you'll find yourself alone
You'll find yourself, you'll find yourself alone
You'll find yourself, you'll find yourself alone
You'll find yourself, you'll find yourself

Drawn into the darkness here
With your eyes on the prize at stake
Think us at an endless path
Letting go at the ones we've broken

Looking at life through a loaded gun
Take your best shot, aim it at the sun
Looking at life through a loaded gun
You'll know you'll find...

You'll find yourself, you'll find yourself alone
You'll find yourself, you'll find yourself alone
You'll find yourself, you'll find yourself alone
You'll find yourself, you'll find yourself
