Ain't it funny
I'm tied to the magic of your caress
Ain't it lovely how we fit together
Girl, you're the best

And it seems like we've been talking forever
Words and wine and we've been lost in time
Oh no, your touching emotions
I used to hide too deep inside

12.45, quarter to one
We're talking all night
1.45, quarter to two
We're talking all night

Heat of passion
And the hours and minutes don't mean so much
I know
The language of love is a tender touch

Speak slowly, make the night last forever
Spill the wine so you'll forget the time
Won't you break down and show me emotions
You used to hide so deep inside

12.45, quarter to one
We're talking all night
1.45, quarter to two
We're talking all night

Yeah baby, 2.45, quarter to three
We're talking all night
3.45, quarter to four
We're talking all night

Oh, I want you to stay with me, baby
Oh stay with me tonight

Talking all night
12:45, talking all night
All night

1.45, talking all night
2.45, talking all night
All night

3.45, we're talking all night
4.45, talking all night
All night

5.45, talking all night
6.45, talking all night
All night

7.45 call it 8
Time to get up
