It's getting late  
The sun is saying  
Goodbye to the night  
And letting a brand new day in  
Its warming up  
Let it shine through you  
Come and fill your cup  
A bears gotta do what a bear's gotta do!  
Rise and shine, get a glow  
Cause you know your gonna shine  
Like the star you are, you are.  
You know the sun's gonna rise in your eyes  
Even though it's kinda bright  
it'll light your way to a brand new day  
Okay.. every body rise and shine today  
Raise a paw, move a jaw  
Ruffle just a bit of fur  
Give a grr, that's it.  
Now move a little bit  
To the left, to the right  
Raise the curtain so the lights  
Gonna bright your way  
Hey-hey another day...  
Rise and Shine, get a glow  
Cause you know your gonna shine  
Like the star you are, you are.  
You know the sun's gonna rise, in your eyes  
Even though it's kinda bright  
It'll light your way to a brand new day  
Okay... every body rise and shine today.  
(Rise and shine, rise and shine)  
(Everybody rise and shine)  
Everybody rise and shine today  
(Rise and shine, rise and shine)  
(Everybody rise and shine)  
Everybody rise and shine today  
(Rise and shine, rise and shine)  
(Everybody rise and shine)  
Everybody rise and shine today  
(Rise and shine, rise and shine)  
(Everybody rise and shine)

Everybody rise and shine today
