Violet wants ice cream, Violet wants cake
Violet's got dreams, you can't take
Violet wants attention which Violet will get
She's up on the wall now, watch her step

What Violet wants Violet gets, Violet gets
What Violet wants, she's not afraid, you can bet
What Violet wants Violet gets, Violet gets
What Violet wants Violet gets, Violet gets

Violet wants to know, what scares you and me?
It makes her laugh, she's a mystery
She leans out the window and waves to me
I wish I saw what Violet can see

What Violet wants Violet gets, Violet gets
What Violet wants, she's not afraid, you can bet
What Violet wants Violet gets, Violet gets
What Violet wants Violet gets, Violet gets

What Violet wants Violet gets, Violet gets
What Violet wants, she's not afraid, you can bet
What Violet wants Violet gets, Violet gets
