When they look lost and all alone, maybe staring at the phone

Let me tell you that's the time, I make my play

A cup of coffee usually buys me in, pretty soon the game begins

And while I'm staring in their eyes, they don't realize

There ain't no way they can win

He can give them everything they want, take them to the highest high

Chorus:

I'm a dreammaker, I'm a heartbreaker, I love 'em, when I leave 'em, they cry

I'm a dreammaker, I'm a heartbreaker, I love 'em, when I leave 'em, they cry

Movin' slow and talking fast, I want the fun to last

For creatures of the night, I lay in wait

Feel the fire, feel the flame, all too soon they feel the pain

They don't give a damn, cause they need this kind of man

They know there's evil in me

He can give them everything they want, take them to the highest high

(chorus)

Any kind of fool can see I'm heartless, I got a one track mind

They tell me I'm their prince of darkness, I'm just that kind of guy

(Solo)

Say you're gonna give it to me, say you're gonna give it to me

You're gonna give it for free, you're gonna give it to me I'll do what I can, I'm a wanted man

I'm a dreammaker, I'm a heartbreaker, I love 'em, when I leave 'em, they cry

I'm a dreammaker, I'm a heartbreaker, I'm a dreammaker, I'm the seataker

I'm a dreammaker, I'm a heartbreaker (repeats out)
