Chorus:

Blame it on the moonlight, blame it on the radio
I just wanna hold her tight, and never let her go
Maybe it's her blue eyes, or maybe it's her sweet hello
I just know it feels so right, I gotta let her know

Yeah!

Who's that girl walking down the street, who's that girl I
got to meet
Sexy dress, cut with style, she makes me weak, she
drives me wild

I got her number written on my hand, it's more than I
can stand

(Chorus)

Who's that girl, I got to know, who's that girl, I can't let
go

Hot 'n bothered, I can't sleep at night, one kiss could
make it right

Blame it on the moonlight, blame it on the radio
I just wanna hold her tight, and never let her go
Maybe it's her blue eyes, or maybe it's her sweet hello
I just wanna know, blame the radio, blame the radio

I always seem to be the lonely one
Maybe someday I'll be the only one, the only one

Blame it on the moonlight, blame it on the radio
Blame it on me, blame it on you, oh
Blame it on the radio, blame it on the radio
Blame it on your father, oh your mother, blame it on
anyone, anyone
Blame it on the radio, the radio, the radio, the radio...
