Under your protective wing I walked into the night
And a thousand angry demons up and took flight
I went running through the fields with the fever in my
veins
And the rain came crashing down and tried to clear my
name
Above my head, all in red, I could see you bearing
down on me
You said you're not running out, you said you're not
leaving now
I will find you, there is no way
I'll keep tracking you down in the still of the night
Forever, you're mine forever
Chorus:
Don't leave your mark on me, no need to reply
I'm not staying, I'm just killing time
Don't leave your mark on me, no need to reply
I'm not staying, no, I'm not staying no
This nightmare never ends, memories of absent
friends

Mistress of the darkness, accomplice of the night
A shadow in the doorway beckons me inside
And something led the way though I couldn't see its
face
And a voice from deep inside me screamed to get out
of this place
In my head, someone said that the jailor turned the key
on me
He said you're not running out, he said you're not
leaving now
I will find you, there ain't no way, no way, yeah
(chorus)
This nightmare never ends, memories of absent
friends
(Solo)
Don't leave your mark on me
(Nightmares that will never end, drink a toast to absent
friends)
(repeats out)
