I've been watching you watching me, what you gonna
do
Lets stop playin' these silly games, do what you gonna
do

oh, you gotta feel me, heal me, chase me, chase me,
move me, soothe me, tease me,
leave me, trim me, grim me
grill me, feel me, take me, make me,
leave me, leave me

come on make a move on me (oh make a move on me)
come on make a move on me
come on make a move on me (oh make a move on me)
come on make a move on me now boy

come on make a move on me (oh yeah baby)
come on make a move on me (oh make a move on me)
come on make a move on me (oh make a move on me)
come on make a move on me now boy (yeah make a
move on me)

com'on make a move
com'on make a move
com'on make a move
com'on make a move

I promise you I wont bite, unless you want me to (unless
you want me to baby)
I'll make love to you all through the night, if you need
me to (ah do you need it)

Come on and feel me, heal me, chase me, chase me,
move me, soothe me, tease me,
leave me, trim me, grim me
grill me, feel me, take me, make me,
leave me, leave me

come on make a move on me (ooooohhhhhh)
come on make a move on me
come on make a move on me (oooohhhh oh oh make a

move on me)
come on make a move on me now boy (come to get me
boy)

come on make a move on me (come make a move)
come on make a move on me (oh baby make a move
on me)
come on make a move on me
come on make a move on me now boy (right now, right
now)

com'on make a move (oh make that move)
com'on make a move
com'on make a move (oh do what you gotta do yeah)
com'on make a move

com'on make a move (come make a move on me)
com'on make a move (come make a move on me)
com'on make a move (come make a move on me)
com'on make a move (come make a move on me)
