Nobody... nobody's watching - yeah!
Dangerous moments, too hot to mention
Pangs at midnight, sexual tension
Running on empty, I need to fill, self stimulation
No code of practice, no rule of thumb
Before you know it, you're overcome
It's satisfaction that we all crave, don't be a stranger
Chorus:
You got an itch you can't scratch
It's in the heat, your purple patch
You got an itch you can't scratch
It drives you crazy, you've met your match
S-C-R-A-T-C-H, baby don't you hesitate, scratch
I'll be right over, he said with a grin
Don't you boil over, before I get in
It's satisfaction that we all crave, don't be a stranger
(chorus)
(Solo)
Closer and closer, deeper and deeper
(chorus - without last line)
You gotta scratch, scratch, you gotta scratch, scratch
It drives you crazy, you've met me, you've met your
match
Scratch, scratch, you're gonna let me scratch, scratch
You got an itch you can't scratch
S-C-R-A-T-C-H, baby you don't hesitate... (to fade)
