you know i wouldn't lie to you  
never would, you better believe me  
I'll never say goodbye to you  
oh girl, as long as you need me  
trust me, baby you're the only one  
trust me, don't let me be the lonely one  
I'm happy when I'm near to you  
yeah its true  
it gets even better  
Someone else could ever try for me  
you would see  
that i wouldn't let her  
trust me, baby you're the only one  
trust me, don't let me be the lonely one  
Something happened baby in my life  
the minute i saw you  
All the others faded from my life  
the minute i saw you  
hold me, hold me  
all i wanna do is kiss your baby face  
Hold me, hold me  
i wanna wrap you in my arms so i know you're safe

So i know you're safe

I've waited all my life for you  
yeah it's true, you better believe me  
there ain't nothin i would hide from you  
trust my heart, you're all that i needed  
trust me, baby you're the only one  
trust me, don't let me be the lonely one

Something happened baby in my life  
the minute i saw you  
All the others faded from my life  
the minute i saw you  
hey  
nothing mattered in my life  
till the minute i saw you  
All the others faded from my life  
the minute i saw you  
hold me, hold me

all i wanna do is kiss your baby face  
Hold me, hold me  
i wanna wrap you in my arms so i know you're safe

So i know you're safe

repeat chorus
