

Career Soldiers "Broken Record"

Visit "[Broken Record](#)" on MotoLyrics.com

My life is like a broken record
The same shit keeps repeating itself
The worst part of my life, and of the record
Find comfort in making my life hell

Over and over, time and time again
I've been through this shit before
I want this life, and this record
Smashed to pieces on the fucking floor
Another night with a bitter end
Surrounded by people I can't fucking stand

Leave me the fuck alone
I'm putting an end to this show
Breaking the cycle and starting something new
Putting the end in friend so fuck all of you
