

Career Soldiers "Conformity"

Visit "[Conformity](#)" on MotoLyrics.com

Manufactured boys and girls of today
Do exactly what they're told there is no other way
Then to sign their lives to the higher authority
No self awareness that is the key
Taught not to think to live in a disguise
That hides ones identity afraid of their demise
Buy and wear what you see on TV
Told to support the sweatshop companies

Today's youth... Brainwashed, Brainwashed

The American way is conformity
Told to strive for mediocracy
Average is best...

In the land of the free

I walk down the street look at everything I see
One face one voice loss of identity
Scared to fit in comfort in conformity
Are you content to be someone else to not know your
true self?
Resist the call to become one of the sheep
Defy the pressure to conform by society
Don't become a part of the herd
Stand up for yourself, stand up and be heard

Conformity: the American way
Mediocracy: the American dream
