She is my everything
From her sun tanned shoulders
Down to the freckles
On her wed'n ring
Her feet are so warm
They can melt the snow
In the early spring
She is my everything

She goes everywhere
From Copenhagen
To make'n eggs and bacon
Down in Jackson Square
I'd like to drive
A Cadillac
The color of
Her long black hair
She goes everywhere

Kisses that come all the way from China
Kinda remind her
Of memories of Spain
If I get lost
You can always find her
Standing right beside me
In the rain

She uses Eveready
Batteries to keep
Her electrical appliances
Going steady
She can do
14 things at once
And then her phone'll ring
She is my everything
She knows everybody
From Muhammad Ali
To teaching teaching Bruce Lee
How to do Karate
She could lead a parade
While put'n on her shades
In her Masaratti

She knows everybody

Kisses that come all the way from China
Kinda remind her
Of memories of Spain
If I get lost
You can always find her
Standing right beside me
In the rain

She is my everything
When she wakes up in the morning
That's when the birdies
Start to sing
When I hear her voice
I'll tell you boys
I forget everything
She is my everything
She is my everything
