This is a song about the innocent
Who died at the hands of a desperate man
He trusted those that he thought he knew
He trusted those who he looked up to
I'll never forget the joy in his face
He'd laugh and he'd cry and he'd ruin my place
He'd drive me crazy, he'd drive me wild
I used to scream and shout

All day long
Uh huh
All day long
Yeah, yeah
All day long
Uh huh
All day long
Yeah, yeah

Now I hope you know this song
Is about a child who now has gone
And other children like him too
Abused and used by what adults do
So don't tell me about politics
Or all the problems of our economics
When you can't look after what you can't own
You scream and you shout

All day long
Uh huh
All day long
Yeah, yeah
All day long
Uh huh
All day long
Yeah, yeah
