Intro

yeh people been like yo ruben..where ya been?
where ya been the last couple of years?
im like hey man i aint gone no where
i've just been marinatin n sarinating n hurkulatin in the
lab
so their like hey yo man u know..wheres hip hop going?
n im like iunno but im here to take the game back
the game is officially mine..its officially mine
hold on..now everybody sing along!

-Chorus-

reuben what is he dipidy doin'
(c'mon ladys sing it)
reuben what is he dipidy doin'

First Verse

This ego was quick to say
that he was better than me better be correct
before you step and try to sever my integrity please
You mc's need to quit it
I mean do you really think that you're the only ones who
did it
haha and what is it we don't get huh?
maybe that empty book bag that you sport as a
gimmick
to the timberland boots that have never been scuffed
all the while you're still hollering rugged and rough
i call your bluff you're just like the rest of them
the only difference
is you follow a less popular trend, friend
tell me how are you going to dog the mainstream
then turn around in the underground and do the exact
same thing
that you're dissing
you get what i'm putting down
i say a gimmick can be found above as well as
underground
and since what's real can't be defined by culture or

man

i'm curious as to what makes you think that you can

-Chorus-

Sing along!..

reuben what is he dipidy doin'

reuben what is he dipidy doin'

(n' all the fellas sing)

reuben what is he dippidy doin'

(n' all the lady's sing)

reuben what is he dippidy doin'

Second Verse

ideas start occurring and words start stirring

never would i suggest this to be the best

it's just, i like putting words on mics

it's something i like to do something i find nice

don't' need to dominate or inflate my confidence

got no problem giving M.C's complements

but some get mad at me

like they want to battle me

upset because I made their hip hop happy

actually I think you tough guys are corny

and my LP comes with a full proof warranty

if you buy it and don't like it feel free not to listen

i'm not sure about a refund but you're welcome to diss

it

cuz i don't will not and won't ask you to

react to the beat

if you're not feeling it, but perhaps

maybe you are in that case it goes

one for the treble two for the base

arrogance mixed with ignorance will and can

bring forth a man

that don't really understand

but claims he does

and chu know what that's not good

-Chorus-

(n' all the fellas say)

reuben what is he dipidy doin'

(hey hey ladies)

reuben what is he dipidy doin'

(n' all the fellas sing)

reuben what is he dippidy doin'

(now hey lady's sing)

reuben what is he dippidy doin'

Third Verse

Ya'll got to be kidding
man, some of ya'll treat art like it was some sort of
religion
following the rules one two and on through
to the point you don't create art
art created you
ya'll got to be kidding
some of ya'll treat hip hop
like it was some sort of religion
following the rules
one two and on through
to the point you don't create hip hop
hip hop created you

-Chorus-

reuben what is he dipidy doin'
(he cant win the realm)
reuben what is he dipidy doin'
(a..a realm..n whn u come to the realm, its gonna be
like that.
im not sure why but it does...so remember that)
