Baby there will come a day when our lives are over
I know those movies make you sad
But you've got my shoulder
You don't believe in heaven, babe?
Well then I don't either
But maybe there will come a world
Where we'll find each other
If I leave before you do I swear I'll find my way to you
I'll hold you tightly when you sleep
I'll kiss you
Baby just the other day I got this strange sensation

Like somebody stepped on my grave
Such a bad vibration
I wondered if our memories would stay when we go
I wondered would we recognize each other's soul
If I leave before you do I swear I'll find my way to you
I'll hold you tightly when you sleep
I'll kiss you
Well that's our love
Stronger than blood
