Town folk left a note we tore your poster down
Last time around the sheriff chased me out of town
Somebody say hey why am I here
One-armed scarecrow booked me for a county fair
I'm in the hills of Pennsylvania
Playing a show for no one
They said the kids would come
Let's take the money and run

Say that you love me
Show me on the dance floor, the dance floor
If it's important prove it on the dance floor, the dance floor

We left in a van on a 2 month tour
My friend's been overseas 5 years of war
Inspirational singer, motivational speaker
In one ear out the other
I don't have no easy answers
Opening act is an art band
Painting pictures banging trash cans

Celebration of the arts
I just don't know how important you are

Say that you love me
Show me on the dance floor, the dance floor
If it's important prove it on the dance floor, the dance floor

Was it young and naive
Change the world do you believe
Here's to hoping that its more than wishful thinking
Sun shines through the night
Shed some light on your dreams
We found a new way to succeed

Say that you love me
Show me on the dance floor, the dance floor
If it's important prove it on the dance floor, the dance floor
