Give us what we came here for  
Give us what we came here for  
Encore! We want more  
Give us what we came here for

I got treats for your audible  
Yup! I know you like what you hear  
Treats for your audible

Oh, how enjoyable  
Put it in your headphones  
Rock it portable  
Mono or stereo, let's go  
Travel on down to a John Reuben show  
So we can build together  
Link minds together  
Oh, it's so much better to combine the efforts and  
Double the impact, double the effect  
Twice the energy, twice the sweat  
Let's get this thing into full swing  
And bring party rockin' a whole new meaning  
Ha, smiles teeth white and gleaming  
Now are you thinking what I'm thinking?

What may come  
What may I say we say  
And keep on rockin' through the break of day

I got treats for your audible  
Anything's possible  
Yup! I know you like what you hear  
Treats for your stereo, there you go  
Yup! I know you like what you hear  
Treats for your audible, rather phenomenal  
Yup! I know you like what you hear

Delicious, delectable, savory treats  
Mmm...

Numb the eardrum with a blanket of sound  
Here's another round of get-on-down  
Pass it around

So everyone's involved  
A few minutes later look how it evolved  
Long as the earth revolves I'll be on call  
If you need a emcee, okay, problem solved  
I'm there in a heartbeat  
Hear my heart speak  
Even if I don't ever make the charts peak  
That's okay, hey, fact is  
I like the simple life and its theatrics  
Its everyday madness serves as a reminder that  
I'm alive but it's kind of a blur  
At least the last 24 and a half years have been

Really no routine or set patter-en', so  
Who knows what's next in line?  
Come along and see what we find

I got treats for your audible  
Anything's possible  
Yup! I know you like what you hear  
Treats for your stereo, there you go  
Yup! I know you like what you hear  
Treats for your audible, rather phenomenal  
Yup! I know you like what you hear

Frothy, ice cold, and yet oddly enough, still blazing hot

Give us what we came here for!  
Give us what we came here for!  
Encore! We want more!  
Give us what we came here for!

[See, everyone's looking for a song to sing, you know  
Something they can dance to, yeah  
So I got some next-level stuff  
The hot stuff  
People are gonna be like...]

Give us what we came here for!  
Give us what we came here for!  
Encore! We want more!  
Give us what we came here for!

[Yeah. Yeah! Right there! Right there.  
Give it to me, give it to me  
Right there, you know you feelin' it, haha  
Yeah, yeah]

See, I wrote a song for the world to sing  
Let it go down in history  
In your memory it loops repeatedly

Over and over and over again  
Over and over and over again?  
Yeah, over and over and over again  
In your memory it loops repeatedly  
Over and over and over again

I got treats for your audible  
Anything's possible  
Yup! I know you like what you hear  
Treats for your stereo, there you go  
Yup! I know you like what you hear  
Treats for your audible, rather phenomenal  
Yup! I know you like what you hear

Yeah, I know you like what you hear  
I know you like...well, I hope you do

Here you go!
