My God, what have I done?  
You gave me your heart and I broke it up  
Now here I am

All alone and I'm hatin' me  
'Cause, baby, with you I had everything  
Now I'm a nothin' man

Not sure what I do from here  
Or where I'll go  
Baby, the only thing I know

Is I'll never find another you  
Someone who moves me like you do  
Someone that knows me inside out  
A love that'll never let me down

I could search all through this world  
Try to find another like you, girl  
But no matter what I do  
I'll never find another you

You put yourself in the palm of my hand  
I was the envy of every man  
And it was beautiful

What a perfect little life we found  
We built it up and I tore it all down  
Like a fool

And how will I forgive myself?  
And how do I live?  
Knowin' I'll never feel that way again

And I'll never find another you

Someone who moves me like you do  
Someone that knows me inside out  
A love that'll never let me down

I could search all through this world  
Try to find another like you, girl

But no matter what I do  
I'll never find another you

Maybe someday I'll find a sweet face  
That takes me half the way to where we've been  
Oh, and who knows, maybe I'll come close  
But comin' close is all I'll ever get, all I'll ever get

I'll never find another you  
Someone that moves me like you do  
Someone that knows me inside out  
A love that'll never let me down

I could search all through the world  
Try to find another like you, girl  
But no matter what I do  
No matter what I do  
I'll never find another you

I'll never find another you  
I'll never find another you  
I'll never find another you
