I close my eyes and I see you now  
The way once in a while  
You smile, a tender smile for me  
But now this smile has gone  
I'm alone and I lie here on my own  
Just wishing for the memories that  
I have known

\* One day I must find you again, my love  
One day guess I'll hang on till then, my love  
May be tomorrow, there'll be an end  
To all this sorrow  
I'll find my way, one day \*

And with this hand, I would touch your face  
And when you used to cry  
In these two arms, you'd lie with me  
But now I have to face  
Empty years, all the worries, all the fears  
With a broken heart, let's trying to stop
