He looked out of place when he walked in  
I was layin' low with my neon friends  
He walked right up and asked (hey John)  
Where are the angels in this bar (bring 'em out)  
I said apparently you're confused about where you are

Hell this ain't heaven  
Don't you realize  
This is where you go  
After love dies  
Where there's smoke there's fire  
It burns an angels wings  
Hell this ain't heaven  
It ain't no halo scene

He said the one he loved was out of town (hey she's out  
of town)  
And she would never know he was runnin' around  
(she'll never know)  
I said if you slip off that ring you'll have trouble on your  
hands  
She'll see right through the devil in you  
Then you'll understand

Hell this ain't heaven  
Don't you realize  
This is where you go  
After love dies  
Where there's smoke there's fire  
It burns an angels wings  
Hell this ain't heaven  
It ain't no halo scene  
No it's not

Hell this ain't heaven (this ain't heaven)  
Don't you realize (don't you realize)  
This is where you go (this is where you go)  
After love dies (after love dies)  
Where there's smoke there's fire  
It burns an angels wings (wouldn't wanna do that)  
Hell this ain't heaven (this ain't heaven)  
It ain't no halo scene (tell it like it is)

Yeah this ain't heaven  
It ain't no halo scene

It ain't no halo scene
