I've never been one who had much to say
I keep things inside that's just my way
Showin' emotions used to come so hard for me
But never before in all of my life
Have I felt what I feel when I look in your eyes
Somethin' about you reaches out and touches me

I can talk to you
Say things I've never said
Cause the words come through
My heart and not my head
Flowin' like a river flows
Wild and free
I can talk to you
For hours on end
And you listen easy
When I'm hard to understand
No one knows me like you do
I can talk to you

When I'm with you I can be myself
I don't have to pretend that I'm someone else
I can share my highs and share my lows
I always know
I can talk to you
Say things I've never said
Cause the words come through
My heart and not my head
Flowin' like a river flows
Wild and free
I can talk to you
For hours on end
And you listen easy
When I'm hard to understand
No one knows me like you do
I can talk to you

No one knows me like you do
I can talk to you

No one knows me like you do
I can talk to you
